

JOB OFFER

Non-Union Surveyor

Mine Construction — Northwest Territories | AVAILABLE NOW

⚠ POSITION AVAILABLE IMMEDIATELY — To grow our team ⚠

About Us

Hamel Arpentage is a company offering a wide range of surveying services in the construction and mining sectors. Our company has been firmly established in Abitibi for over 22 years. Recognized for its professionalism and the quality of its services, our organization continues to grow while relying on rigorous and structured management.

What We Offer

- Position available immediately
- 12-hour workdays
- 14 days on / 14 days off rotation
- Work location: Northern Northwest Territories
- Competitive compensation and benefits
- Solid and well-established company with over 22 years in Abitibi
- Camp accommodation provided (fly-in/fly-out)
- Paid transportation
- Professional and stimulating work environment
- Project duration: 3 years

Job Description

Under the supervision of our Chief Surveyor, the selected candidate will be assigned to mine construction projects in the Northwest Territories. The successful candidate must demonstrate solid experience in mining site work, excavation, and concrete construction, while working with precision and autonomy in a remote environment.

Candidate Profile

Education and Experience

- Training in surveying, civil engineering, mining engineering, or a related field
- Experience in excavation work
- Experience in concrete construction work
- Experience on mining sites or large-scale projects (a major asset)

Skills and Qualities

- Strong autonomy and attention to detail in the field
- Ability to adapt to demanding northern job site conditions
- Availability to work in a remote environment on a 14/14 rotation schedule
- Proficiency with surveying instruments and software
- Positive attitude, strong teamwork skills, and openness to the challenges of a demanding and remote work environment

All applications will be carefully reviewed as part of the initial selection process.
